

Anton Vinnichenko

front-end developer

A young, going-ahead and extremely motivated specialist.

Sociable, easily getting on with different people.

Quick thinking in unusual situations.

If you are looking for just such a person I am ready to cooperate and do my best.

PERSONAL INFORMATION

I managed to change several professions, visited many places, tried a lot of things. Those changes were the answers to my requests and aspirations. Today I realize that I want to become a front-end developer.

I still have little experience, but a lot of perseverance, desire to acquire knowledge and develop.
